## **Cantor Colburn is Proud to Announce the Hiring of Thomas DelRosario in its Houston Office**

Houston – Cantor Colburn LLP is proud to announce that it has hired Thomas V. DelRosario as an associate in the firm’s Houston office. Mr. DelRosario, a patent attorney of nearly 20 years’ experience and expertise in semiconductors and the electrical arts, was formerly IP Counsel at Marvell Semiconductor.

**Thomas DelRosario**

Mr. DelRosario’s specialties include patent preparation and prosecution in electrical engineering; general counseling on intellectual property issues; electrical patents; mechanical patents; software patents; semiconductor patents; and business method patents. While at Marvell Semiconductor, a company with revenues of \$2 billion a year, Mr. DelRosario managed outside counsel for several of the company’s product groups and evaluated work product. In addition, he interfaced with key stakeholders to develop and manage patent portfolios in several different product categories, including read channel, wireless, printers, and solid-state memory. He has a B.S. in electrical engineering from the University of Maryland and a JD from Arizona State University College of Law, *cum laude*.

Cantor Colburn continues to add talented attorneys to its software practice group in response to clients’ needs. Cantor Colburn was recently ranked the fastest growing U.S. patent firm over the last ten years according to Juristat ([“Rainmaker Firms,” February 4, 2016](#)). And in 2015, Cantor Colburn was #3 for design patents, #7 for utility patents, and #7 for trademarks in rankings of U.S. patent and trademark firms by the number of patents and trademarks obtained for clients each year, according to Ant-Like Persistence ([“2015 Toteboards Published,” February 28, 2016](#)). No other law firm ranks higher in all three categories.

Cantor Colburn has been nationally ranked in these categories for more than a decade. The firm has also received national recognition for its Litigation Department. Cantor Colburn is one of the largest intellectual property law firms in the country, with more than 115 attorneys and agents providing counsel to clients around the globe from offices in Houston, Hartford, Washington, D.C., Atlanta, and Detroit. With highly specialized knowledge and in-depth understanding of clients’ businesses, the firm supports the technological innovations that are driving the world economy. Exceptionally well versed in a wide range of cutting-edge technologies, the firm assists clients in a broad spectrum of industries, including software, aerospace, mechanical engineering, pharmaceuticals, telecommunications, biotechnology, medical devices, software, and chemical engineering.
