Cantor Colburn Hires Patent Attorney Ian Wasser for Detroit Office

Troy, MI – [Cantor Colburn LLP](#) is proud to announce the hiring of [Ian M. Wasser, Ph.D.](#) as an Associate in the firm's Detroit office in Troy, Michigan. Dr. Wasser, a Ph.D. chemist, has six years' experience in intellectual property.

Ian M. Wasser, Ph.D.

Dr. Wasser's practice focuses primarily on the preparation and prosecution of patent applications in the chemical arts. He has prosecuted hundreds of patent applications directed to a wide variety of technological areas including materials, coatings, polymers, consumer products, construction materials, and secondary batteries. Dr. Wasser provides support for complex technical disputes and evaluates solutions for designing around valid patents. He is also experienced in developing non-infringement, clearance, invalidity, and patentability opinions. Dr. Wasser has negotiated contracts, preparing supply, joint development, and confidentiality agreements, and conducted IP due diligence investigations. His B.S. in Chemistry is from the University of Michigan, his M.S. in Organic and Organometallic Chemistry is from the University of California at Berkeley, his Ph.D. in Bioinorganic Chemistry is from the Johns Hopkins University, and his JD is from the University of Houston Law Center. Dr. Wasser is admitted to practice law in the states of Michigan and Georgia and before the U.S. Patent and Trademark Office.

About Cantor Colburn

[Cantor Colburn LLP](#) was recently ranked the fastest growing U.S. patent firm over the last ten years ("[Rainmaker Firms](#)," [Juristat, February 4, 2016](#)). And in 2015, Cantor Colburn was #3 for design patents, #7 for utility patents, and #7 for trademarks in rankings of U.S. law firms ("[2015 Toteboards Published](#)," [Ant-like Persistence, February 28, 2016](#)). No other law firm ranks higher in all three categories, and Cantor Colburn has been nationally ranked in these categories for more than a decade. The firm has also received national recognition for its Litigation Department. With highly specialized knowledge and in-depth understanding of clients' businesses, the firm's 120 attorneys and agents, working from offices in Atlanta, Washington, D.C., Houston, Detroit and Hartford, support technological innovations in a wide variety of industries, including software, aerospace, mechanical engineering, pharmaceuticals, telecommunications, biotechnology, medical devices, software, and chemical engineering.
