## **Cantor Colburn is Proud to Announce the Hiring of Asaf Batelman, Patent Attorney and Semiconductor Specialist, for D.C. Office**

Alexandria, VA— [Cantor Colburn LLP](#) is proud to announce the hiring of [Asaf Batelman](#) in the firm's Washington, D.C. office in Alexandria, Virginia. Mr. Batelman is a patent attorney of 13 years' experience with extensive experience in semiconductor technologies.

**Asaf Batelman**

Mr. Batelman's practice focuses on preparing and prosecuting patent applications. He has experience in a wide range of technical areas, in addition to semiconductor packaging and fabrication, which includes petrochemicals, chemical and gas processing, and battery technologies. He previously served as an in-house patent attorney at a privately held company in the greater Washington, D.C. area, where his work was focused on patent portfolio strategy and licensing relating to carbon nanotube technology. Mr. Batelman is a graduate of Case Western Reserve University and holds a BSE in chemical engineering; he earned his J.D. from the University of North Carolina School of Law. He's admitted to the bars of the Commonwealth of Virginia and the District of Columbia, and to practice before the U.S. Patent and Trademark Office.

Cantor Colburn was recently ranked the fastest growing U.S. patent firm over the last ten years ("[Rainmaker Firms](#)," [Juristat, February 4, 2016](#)). And in 2015, Cantor Colburn was #3 for design patents, #7 for utility patents, and #7 for trademarks in rankings of U.S. patent and trademark firms by the number of patents and trademarks obtained for clients each year ("[2015 Toteboards Published](#)," [Ant-like Persistence, February 28, 2016](#)). No other law firm ranks higher in all three categories.

Cantor Colburn has been nationally ranked in these categories for more than a decade. The firm has also received national recognition for its Litigation Department. Cantor Colburn is one of the largest intellectual property law firms in the country, with more than 120 attorneys and agents providing counsel to clients around the globe from offices in Washington, D.C., Houston, Hartford, Atlanta, and Detroit. With highly specialized knowledge and in-depth understanding of clients' businesses, the firm supports the technological innovations that are driving the world economy. Exceptionally well versed in a wide range of cutting-edge technologies, the firm assists clients in a broad spectrum of industries, including software, aerospace, mechanical engineering, pharmaceuticals, telecommunications, biotechnology, medical devices, software, and chemical engineering.
