Cantor Colburn is Proud to Announce the Hiring of Taylor Coon, Patent Attorney and Chemical Engineer, for Hartford Office

Hartford, Conn. – [Cantor Colburn LLP](#) is proud to announce the hiring of [Taylor Coon](#) in the firm's Hartford, Connecticut office. Ms. Coon is a patent attorney specializing in chemical engineering, including pharmaceuticals, polymers, and materials science.

Taylor Coon

Ms. Coon is an intellectual property (IP) attorney with experience in several areas of IP. She concentrates her practice in a variety of technologies related to chemical engineering. She has been involved in advising clients in all aspects of patent law including patent application preparation, prosecution, counseling, and portfolio management. Ms. Coon has conducted patentability, freedom to operate, validity, and infringement searches; prepared the corresponding patentability, freedom to operate, invalidity, and non-infringement opinions, and has represented clients in all aspects of patent prosecution (i.e., domestic and foreign). She earned a B.S. in chemical engineering and a JD from Villanova University. She is admitted to the state bars of Connecticut, Pennsylvania, Massachusetts,

and the District of Columbia, and she is admitted to practice before the U.S. Patent and Trademark office.

Cantor Colburn was recently ranked the fastest growing U.S. patent firm over the last ten years ("[Rainmaker Firms](#)," [Juristat, February 4, 2016](#)). And in 2015, Cantor Colburn was #3 for design patents, #7 for utility patents, and #7 for trademarks in rankings of U.S. patent and trademark firms by the number of patents and trademarks obtained for clients each year ("[2015 Toteboards Published](#)," [Ant-like Persistence, February 28, 2016](#)). No other law firm ranks higher in all three categories. Cantor Colburn has been nationally ranked in these categories for more than a decade. The firm has also received national recognition for its Litigation Department. Cantor Colburn is one of the largest intellectual property law firms in the country, with more than 120 attorneys and agents providing counsel to clients around the globe from offices in Washington, D.C., Houston, Hartford, Atlanta, and Detroit. With highly specialized knowledge and in-depth understanding of clients' businesses, the firm supports the technological innovations that are driving the world economy. Exceptionally well versed in a wide range of cutting-edge technologies, the firm assists clients in a broad spectrum of industries, including software, aerospace, mechanical engineering, pharmaceuticals, telecommunications, biotechnology, medical devices, software, and chemical engineering.
