Cantor Colburn LLP Announces New Associate

Hartford, Conn. — Cantor Colburn has announced that Mark Wilinski, a patent attorney with expertise in electrical engineering and computer science, has joined the firm as an Associate in the Hartford office. Mr. Wilinski focuses his practice in the areas of patent and trademark prosecution and patent litigation. He has educational and practical real-world experience in matters involving computers, embedded systems, wired and wireless communications, physics, integrated circuit design, and mathematics. He has studied wireless communication, digital signal and image processing, embedded systems, computer architecture and physics of semiconductor devices at the Master's level.

Prior to joining Cantor Colburn, Mr. Wilinski was an Associate at an intellectual property law firm in Washington, D.C. Before practicing law, he was an electrical engineer at the Parker Hannifin Corporation where he successfully designed and tested aircraft fuel gauging system assemblies for use on some of the world's largest civilian aircraft and mission-critical military aircraft.

Mr. Wilinski has a [bachelor of science](#) in Electrical Engineering from the State University of New York at Stony Brook, where he graduated first in his class. His JD is from the George Mason University School of Law.

Cantor Colburn is one of the largest full service intellectual property law firms in the country, with growing offices in Hartford, Washington, D.C., Atlanta, Houston, and Detroit. In recent rankings, Cantor Colburn was 8th in the country for issued U.S. Patents and 20th for registered U.S. Trademarks. The firm's clients are among the leading companies in the United States and around the world, including Fortune 100 companies, privately held companies, select high-tech start-ups, and universities.
