

Cantor Colburn LLP

Patent Attorney in Biotechnology Multiple Locations – Potential for Remote Work

[Cantor Colburn LLP](#), one of the largest full-service intellectual property law firms in the U.S., seeks a patent attorney to work in any of the firm's five offices: Hartford, Connecticut; Alexandria, Virginia; Atlanta, Georgia; Houston, Texas; Troy, Michigan. Remote work will also be considered. Cantor Colburn offers the full range of IP legal service and is a patent powerhouse: the firm is ranked #4 for utility and #4 for design patents and handles matters in virtually all technologies. In addition to patent preparation and prosecution, Cantor Colburn offers counseling and representation in portfolio management, trademark – ranking #8, copyright, opinion rendering, due diligence in IP transactions, agreements and licensing, anticounterfeiting, trade secrets, post grant proceedings and litigation in federal courts and before the U.S. International Trade Commission. The firm's clients are among the leading companies in the U.S. and around the world, including Fortune 100 companies, privately-held companies, select high-tech start-ups, government research institutes and university technology transfer offices.

The successful candidate will have at least 3 years and preferably 3 – 6 years of experience with the preparation and prosecution of biotech-related patent applications as well as patentability, state-of-the-art, infringement, validity search and analyses, and opinion work. An advanced degree or equivalent experience in biochemistry, immunology, cell/molecular biology, biotechnology, and/or life sciences is required. Ph.D. candidates preferred.

Candidates must be registered to practice before the U.S. Patent and Trademark Office and be admitted to a state bar.
